

## **Background**

This Citizen Participation Plan (CPP) is developed to provide a formal public participation program for the development of the CAMA Land and Water Use Plan (the Plan). The Town of Nags Head is required to develop the CPP because the Town is using CAMA funds to assist with preparation of the Plan. This CPP satisfies the requirements of the state-funded CAMA Land and Water Use Plan contained in 15A NCAC Subchapter 7L, Local Planning and Management Grants.

The Land and Water Use Plan, created with input from residents, non-resident property owners, business owners, Town Boards and Committees, State and Federal agencies, as well as other stakeholders, establishes the vision for the community and formulates the goals, objectives, and strategies for achieving that vision. Many of the Town's regulations and initiatives are a direct result of the policies included in the Land and Water Use Plan.

As evidenced by this Citizen Participation Plan, the Town will be making a substantial effort to solicit public input. Part of this includes assembling a diverse group of individuals and community representatives to formulate the Lead Planning Group, which will serve as a steering committee to guide Staff's efforts and advise the Board of Commissioners throughout this process. Additionally, the CPP will "employ a variety of educational efforts and participation techniques to assure that all socio-economic segments of the community and non-resident property owners have opportunities to participate during plan development" [15A NCAC 7L .0506 (a)]. CPP activities will occur throughout the Plan development process (see Appendix A for a Plan schedule).

The CPP includes four major components:

1. Lead Planning Group
2. Initial public information meetings
3. Public participation tools
4. Meeting schedule

The following sections further describe each of these components.

### **Section 1: Lead Planning Group (LPG)**

The Lead Planning Group has been designated by the Town to act in an advisory capacity throughout the development of the Plan. The Town's Board of Commissioners selected a large and diverse group of stakeholders to participate as members of the LPG. The Board identified groups and individuals to contact based upon a desire to build upon experience with these groups formed on previous issues and projects. Representatives from organizations, associations and community groups were specifically sought due to their ability to further involve the members of their associations in the development of the Plan.

The Town has contracted with Parsons Brinckerhoff Quade & Douglas, Inc., an international consulting firm, to act as facilitator throughout the Plan development process. The consultants will act as facilitators at all LPG and public meetings. Town Staff will act as co-facilitators.

### Role & Authority

As an advisory committee created specifically for the purpose of updating the Plan, the LPG's role is to guide the Town staff and Board of Commissioners in the development of the Plan. The LPG will serve in an advisory capacity to the Town of Nags Head staff and the Board of Commissioners (Board). The LPG has the authority to make recommendations to the Board regarding the Plan's development and adoption. The Board shall remain ultimately responsible for the adoption of the Plan and its associated policies.

### Responsibilities

Several responsibilities have been identified for the members of the LPG:

#### *1. Establish a chairperson*

The chairperson will focus and lead the LPG. The chairperson will assist the Consultant and Town Staff to facilitate LPG meetings. When necessary, the

chairperson shall request LPG members to vote on issues or recommendations in order to reach consensus as a group.

*2. Attend meetings*

The primary responsibility of each LPG member is to be an active participant in the development of the Plan. Attendance and contribution to the discussion at each LPG meeting is essential to foster the development of the Plan.

*3. Participate in outreach activities*

Several outreach activities are included in the development of the Plan (see Section 4 below). LPG members are requested to assist the Town to publicize and make successful all efforts to solicit input to the Plan. Members of the LPG will be requested to be active participants at public outreach activities. The LPG will act as “ambassadors” of the planning process, ensuring that issues raised by the public are documented and discussed in the Plan.

*4. Provide input at milestones / decision points*

The LPG will review materials related to the development of the Plan and will provide input at project milestones and decision points. A few of the areas the LPG will review during Phase I of the Plan include:

- draft version of this Citizen Participation Plan
- draft survey instrument
- summary of survey findings
- public comments
- key issues
- existing conditions assessment
- draft vision statement

During Phase II the LPG will participate in the following activities:

- update citizen participation plan
- develop goals and objectives for policies
- review previous policies
- future land use map
- develop draft plan
- present Plan to the Board
- Review comments from public / Board
- revise Plan

*5. Advise the Town staff and Board of Commissioners*

The LPG will act in an advisory capacity to the Town Staff and Board of Commissioners for all issues related to development of the Plan.

- content of public outreach activities
- data & forecast analyses
- project deliverables
- provide recommendations for board actions

**Section 2: Initial public information meetings**

Town of Nags Head, NC  
CAMA Land and Water Use Plan Update  
Citizen Participation Plan

An initial public information meeting occurred on October 27, 2005 at 7PM to inform citizens about the purpose of the CAMA land use plan and the steps that will be taken to update it. A notice was published in the *Coastland Times* on September 23, 2005. A second notice will be published in the *Coastland Times* on Thursday October 13, 2005. (See Appendix C for copies of the Notices). The notices were conveyed to the Coastal Resources Advisory Council members and to the district DCM planner.

The meeting format was an open-house style workshop with PowerPoint presentation and exhibit maps depicting some of the issues that came from the scoping session. The public will be invited to speak about key issues to be addressed in the Plan.

### **Section 3: Public participation tools**

There are several objectives of the citizen participation process. These objectives are met with various public participation tools: The table below highlights the major citizen participation tools intended for the Nags Head Plan. The tools will be used throughout the planning progress.

**Education** - improving stakeholders' understanding of the impact that land use and development issues have on their quality of life and increasing the community's understanding of CAMA and the land use planning process.

**Listening** - improving the local planning team's understanding of the values of the community's stakeholders, the issues that are important to them, and how stakeholders perceive that the land use plan will affect them.

**Collaboration** – creating opportunities for working with stakeholders to identify alternative plan solutions, to identify the impacts of favored solutions on stakeholders, and to work toward community consensus.

**Support** – creating a base of support in the community for implementation of the policies and programs embodied in the plan.
